FYI: I was present when the water sample in the jug from **Ex. 6 - Personal Privacy**'s well was drawn. I also saw what came out of the Sautners faucet before and after the water treatment system Cabot installed in their home.

Here's the pdf of the press statement I made yesterday. As you recall, I was a bit rushed for time, so there were a few items I didn't completely get to verbalize. They are, however, in this complete copy of my statement.
